LEGISLATIVE COUNSEL'S DIGEST

SB 586, as amended, Dutton. Affordable Housing Innovation Fund. Fund: California Affordable Housing Revolving Development and Acquisition Program.

Existing law, the Housing and Emergency Shelter Trust Fund Act of 2006, authorizes the issuance of bonds in the amount of \$2,850,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds are required to be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. The act establishes the Housing and Emergency Shelter Trust Fund of 2006 in the State Treasury and requires the sum of \$1,500,000,000 to be deposited in the Affordable Housing Account, which the act establishes in the fund. The act continuously appropriates the money in the account in accordance with a specified schedule that requires, among other things, the transfer of the sum of \$100,000,000 to the Affordable Housing Innovation Fund, which the act establishes in the State Treasury, to be administered by the Department of Housing

and Community Development and expended for competitive grants or loans to sponsoring entities that develop, own, lend, or invest in affordable housing, and to create pilot programs to demonstrate innovative, cost-saving approaches to creating or preserving affordable housing.

This bill would set forth the intent of the Legislature to enact legislation to expend the bond funds in the Affordable Housing Innovation Fund to create programs that lead to home ownership.

This bill would establish the California Affordable Housing Revolving Development and Acquisition Program under the administration of the department and would require the department to issue a Notice of Funding Availability to select a program manager to review and approve loan applications, originate loans, and service loans. The bill would authorize applicants under the program to apply for loans to purchase real property for the development or preservation of housing affordable to low-income households and would require applicants to demonstrate certain qualification factors. The bill would require the department to adopt regulations establishing the minimum criteria required of the program manager and applicants, as well as a point system for prioritizing requests in the event that requests exceed the funds available for the program in any given year.

The bill would require the funds in the Affordable Housing Innovation Fund to be allocated in the amount of \$50,000,000 for the California Affordable Housing Revolving Development and Acquisition Program; \$5,000,000 for the Construction Liability Insurance Reform Pilot Program proposed under AB 792 of the 2007–08 Regular Session, as amended March 29, 2007, if that program is established; \$35,000,000 for a local housing trust fund matching grant program established under a specified provision of existing law; and \$10,000,000 for the Mobilehome Park Resident Ownership Program established under a specified provision of existing law. The bill would make an appropriation by authorizing the funds in the continuously appropriated fund to be expended for these additional purposes.

The bill would require the department to grant certain preferences and priorities when awarding the \$35,000,000 under the local housing trust fund matching grant program.

This bill would declare that it is to take effect immediately as an urgency statute.
